

# Bespoke Aluminium Extrusion

 EXPERTISE  COLLABORATION  INTEGRITY

- Full Service Provider
- Aluminium Profiles
- Why use Righton Blackburns?

We guarantee to deliver the material you require, to your exact specifications at a highly competitive cost.

When it comes to the supply of bespoke aluminium extrusions, our unrivalled commitment to customer service, extensive technical experience and logistical expertise ensure we are perfectly equipped to respond to a diverse range of customer requirements.

We manage your supply from supplier selection through to processing, packaging, stockholding and delivery.

We are dedicated to providing our customers with exceptional service via a supply chain partnership that offers reliable service capability, technical knowledge, value added methods of delivery, supply chain management and integration at all levels. An approach that has been consistently proven in reducing total acquisition costs.

# The specialist supplier of bespoke aluminium extrusions

## Why use Righton Blackburns?

### Technical Expertise

Experienced and knowledgeable supply partners will ensure full product compliance from start to finish.

### Trust

Strong relationship with only one supplier who works with you from concept development to JIT delivery, saving working capital, time and space.

### Stock Range

Standard and bespoke aluminium profiles, in a range of alloy specifications from 0.012kg/m to 268kg/m.

### Finishing & Fabrication

Various processing options are sourced and managed for you - saving time and money.

### Die Management

Fast turnaround times on new dies & samples.

### Quality Assurance

Premium quality products, finished to your exact specifications in accordance with ISO9001:2008.

### Warehousing & Logistics

Nationwide locations & central warehousing offering JIT delivery on our own fleet of vehicles.

### Stock Inventory Management

Optimum stock levels held according to customer usage and production lead times for continuity of supply. Alternatively, a consignment stock facility is available if required.

Righton Blackburns is an independent metals and specialist plastics stockholder and distributor. We have been a trusted supply partner for premium quality products for over 100 years.

Today we are recognised as the leading supplier to a diverse customer base including safety-critical markets, government agencies and departments, and FTSE 100 companies.

Our reputation is founded on both the efficiency and integrity of our business dealings, as well as our proven ability to innovate and respond to change. This strength and agility remain true today.

Operating from 10 Service Centres across the UK, we are well placed to service any requirement from one-off supplies, to direct-to-line feed services and long term contracts.

Dedicated to the continued development of new business and backed by our ISO9001-2015 status, we guarantee that exceptionally high-quality products and service will always be the Righton Blackburns' standard.

## Specialist Markets

For further information on the full range of products we supply into our specialist markets, please contact your local Service Centre to request a copy of the brochures dedicated to those specific markets.

## Service Centres

Operating a reliable and efficient delivery service from our 10 Service Centres nationwide, we offer in-house processing facilities. In addition to next day delivery from locally-held stock, we also provide non-standard or customer specific material.
